Dear President Biden, Speaker Pelosi, Leader McCarthy, Leader Schumer, and Leader McConnell,

As the leaders of companies, associations, and organizations from across the country, we write to you today in light of the recent ruling in the United States District Court for the Southern District of Texas regarding the Deferred Action for Childhood Arrivals (DACA) program. We urge Congress to pass a permanent legislative solution to protect Dreamers, thousands of whom are valued employees at our companies.

The district court’s ruling is devastating for hundreds of thousands of Dreamers, as it would the program to be unlawful. It allows those who currently have DACA to continue to renew their status—for now—further throws into chaos the lives of these Dreamers and impedes their ability to legally work and contribute to our country.

We strongly urge Congress to pass legislation to provide a pathway to citizenship for Dreamers. Security a pathway to citizenship for Dreamers not only is the right thing to do, but it is a huge economic benefit to the United States.

As President Biden recently said after meeting with Dreamers, “These young people are part of the fabric of our nation and vital to our future.”

We urge Congress to pass legislation that creates a pathway to citizenship for Dreamers and allows them to remain in the U.S. to work, attend school, and/or serve in our military without fear of deportation. Bills like the Dream and Promise Act or DREAM Act are commonsense solutions to protect Dreamers, thousands of whom are valued employees at our companies.

We request that you and Congress do the right thing and pass legislation that will help Dreamers, U.S. companies, and the country.

Respectfully,
